

Measurement Guide for Bottom Gusset Pouch

Closed Size Measurement

W (mm) x H (mm) + G (mm)
e.g. 220mm x 300mm + 100mm

- Stand up pouch requires closed size measurement only.
- Width (W): measured from left to right side of the pouch.
- Height (H): measured from top to bottom of the pouch.
- Gusset (G): measure the size of the bottom part of the pouch.
